Physician Leadership

ENGAGE. EMPOWER. EXCEL.

About the Ingram Institute

The Ingram Institute for Physician Leadership was created to train physicians to confidentially lead healthcare teams in their profession and in the community. There are two programs offered through the institute – the Physician Leadership Immersion Program and the in-depth Physician Leadership Lab.

Leadership Immersion

The Physician Leadership Immersion Program is designed to give physicians foundational personal and professional development. The Ingram Institute brings in expert facilitators to guide specialized training courses that will empower physician leaders with the tools necessary to lead in today's field. The Immersion takes place over two weekends and offers a focused, retreat style atmosphere. Participants may earn a Certificate in Physician Leadership upon program completion and up to 34 hours CME.*

Leadership Lab

The Physician Leadership Lab is a multi-month training course that guides physicians to acquire applicable skills necessary to cultivate efficient team environments. This program focuses on the teamwork aspect of delivering outstanding patient care. Each physician will undertake a course project in which skills will be applied to the real-world environment. The goal of the project is to give the physician experience in improving quality, safety, efficiency and operating costs for his or her practice. Participants may earn a Certificate in Healthcare Change Management upon program completion and up to 37 hours CME.*

INGRAM INSTITUTE COST

Tuition for each program is \$1,000. Support and funding is provided by the Tennessee Medical Association and the Tennessee Foundation for Quality Patient Healthcare. Tuition includes materials, speaker fees, lodging and meals.

Leadership Lab in 2026-27

The Lab is a multi-month course to help physicians develop valuable skills essential to leaders in the emerging physician-led, team-based healthcare environment. Physician participants attend two live sessions, along with webinars and individual coaching sessions. Three to six months of ongoing consulting is available to participants upon program completion.

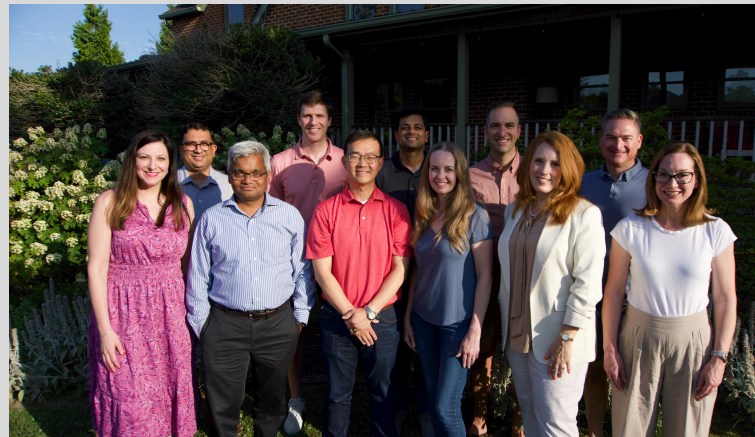

Schedule	2026
Webinar 1	September 9
Live Session 1	September 25 - 26
Webinar 2	October 28
Live Session 2	December 4 - 5
Webinar 3	January 13, 2027
Live Session 3	April 2, 2027

Leadership Immersion in 2026

The Physician Leadership Immersion Program is a special learning getaway that prepares physician leaders to shape the future of medicine. Expert facilitators lead interactive discussions and training courses on core topics. Classes take place over two weekends with in-person, intensive workshops.

Schedule	2026
Session 1 (Monteagle)	June 26 - 28
Session 2 (Nashville)	July 24 - 25
